Relief Vaginal Gel

Iso-osmotic pain gel with
4% lidocaine

Soothing, moisturizing
formulation

Fast-acting relief from
pain, itch and irritation

Helps to relieve discomfort
for postpartum,
post-surgery and other
chronic vulvar conditions

Bio- Match®

Bio-Match® is a three-tier technology which mimics the body's natural vaginal fluids to support healthy vaginal tissue and maintain the stability of the vaginal microbiome.

Iso-osmotic

Contains same solute level as
vaginal fluids which prevents
drying out vaginal tissue and
compromising the epithelial barrier

pH-balances

Reduces and maintains healthy
vaginal pH which suppresses
pathogenic bacteria and supports
vaginal microbiome health

Proprietary Lactic Acid

Contains both D & L isomers to
support a diverse range of
lactobacilli for a healthy vaginal
flora and suppresses pathogens
